JACK LEWIS ANNOUNCES FOR DISTRICT JUDGE IN MILAM

Jack Lewis, popular, able and widely known native citizen of Milam county, announced for publication today that he is a candidate for the office of District Judge for Milam County, subject to the Primary Election to be held on Saturday, July 27, 1940.

The announcement of Mr. Lewis is received in all sections of Milam County with active interest, and directs attention as a welcome development of major importance in the current campaign, to one whose citizenship and qualifications have earned the just tribute of great public esteem.

Mr. Lewis was more than gratified to receive the good wishes and support of the people in all sections of the District and in making his announcement expressed deep appreciation for the interest his entry into the race has awakened among the citizens everywhere. It was regarded by friends and supporters in many sections as not only significant of early support of his candidacy but a response of appreciation commensurate with the heritage of the man whose life has achieved in terms of service the higher values of citizenship.

A native citizen of Milam County, Mr. Lewis has shared with the people the responsibilities that follow in the course of progress. Due to his capacity for leadership and ability to serve he has had oportunity to prove the qualities that now give the background for wide public favor and

STREET PAVING PLANS ADVANCED HERE

MAYOR SMITH LAUNCHES $100,000 PROGRAM

Progress history was in the making today for the City of Cameron and Mayor Charles C. Smith was being toasted as the No. 1 contributor to the city's development.

The occasion is the notice issued by Mayor Smith's government that on April 5, the city council will authorize warrants in the sum of $25,000, the beginning of the $100,000 paving program.

When Mayor Smith announced for re-election in January, he outlined his plans for a greater Cameron and not only has he made good in this program, but he has set the city definitely forward by bringing the possibilities of a city wide street paving program.

Unofficially it was said that the blocks surrounding Cameron's famous Yoe High School plant will be the first to realize on the program that Mayor Smith has conceived for the city he has served so well as Mayor.

At this time when much is being said relative to civic progress in Cameron it is highly appropriate to say that Mayor Smith stands out as Cameron's No. 1 leader for progress and development. The **Mayor has achieved these things for Cameron by working without fanfare or display.** He has been able always at the proper time to make these important contributions to the welfare of the city.

It is important to note that due to the fact that government money will be available to the city for this street paving program, the tax payers will not be called on to pay anything in the way of an increase in taxes or will it be necessary to raise property values. The paving will be done as blocks and streets are signed for by property owners and already intention has been noted from property owners in the city guaranteeing the success of the program which Mayor Smith and the members of the city government have outlined.

Members of the council who have had their share in this progress program are, Roy Griffith, E. O. Schiller, Bob Terry, August Horstmann and Sam McDermott.

In addition to the street paving program which is shortly to be launched, Mayor Smith has well under construction, the swimming pool and beach at Wilson-Ledbetter Park.

5 YEAR SAFETY RECORD OF GAS CO. REWARDED

Five years without a disabling injury brought recognition to the Cameron District of the Community Natural Gas Company and the manager, J. R. Bush, here Wednesday night when a Safety Meeting for Group C was held.

A. W. Breeland, Saftey Supervisor for the Lone Star Gas Company, met 75 employes at the Cato Cafe. These meetings are held four times each year.

A placque in testimony of the record of the local district was presented to Mr. Bush. The placque is now hanging in the offices of the Community Natural Gas Company here, a steel plate on which is engraved the record of the five year freedom from disabling accidents.

Fritz Brocksmith of Bryan, industrial engineer, read a paper. Otis Lovorn of the Cameron office contributed a paper on "Bar Testing for Leaks," and Ben Wyatt of Georgetown, read a paper on "Appliance Installation."

Others who read papers were: Chas. S. Brandt of Temple, "Safety Precautions About Property of Gas Company." A. P. Rowland, division superintendent of Waco, made a safety talk.

Refreshments were served by the cafe following the program.

Free Lunch Program Now Reaching 57 Children at School

The free lunch program at the Ada Henderson School in Cameron has proven valuable in contributing balanced meals for children who are undernourished and is one of the more highly appreciated projects now in operation through aid from the Federal Government and local civic organizations.

The Cameron schools are co-operating with this program. The aim of this project is to feed undernourished children who would not otherwise have a well balanced meal.

This propect is sponsored by the Texas Relief Commission and the school district. Mrs. Annie Kirk with two helpers has charge of the project.

Food is obtained from the Commodity Distribution system of the Federal Government, merchants, civic organizations, individual contributors, Community Chest and local dairies.

A total of 57 meals are served daily. Each meal is costing the sponsors an average of 12c per day. The children have regular check up on weight and the 57 receiving balanced meals have gained an average of 3 1-2 pounds since November 1, 1939.

"Grapes of Wrath" Booked for Cameron Theatre April 14-15

Stanley Swift of the Swift Theatres announced Monday morning that his Cameron Theatre had booked "Grapes of Wrath," the sensational picture from the book by John Steinberg for showing here on April 14 and 15.

For the second time within the week Mr. Swift has scored with top flight attractions for the local screen. Beginning April 17th and for four days "Gone With the Wind" will be shown.

"Grapes of Wrath," became a national sensation when it was scheduled for suppression but finally made its way to the exhibitors.

The picture deals with the tenant farmer and the trailer life that came into existance with the advent of farm subsidies and relief.

Markham & Son to Open New Station Saturday

Markham & Son, featuring Inreco gasoline and oils, will hold formal opening of their new station in Cameron Saturday, March 30.

The new station was built on the ruins of the old station which was destroyed by fire recently, has 3 driveways, and can service 3 lines of automobiles at one time.

Mr. Markham is making attractive offers to customers during the day and is preparing to entertain a large number of customers, old and new.

The Markham station is one of the most modern in Central Texas and enjoys a large annual business in the sale of gasoline and oils.

T. H. FREEMAN FUNERAL IS HELD AT ROSEBUD

Rosebud, March 25.—Funeral services for T. H. Freeman, 76, of Satin who died in a Marlin hospital Friday afternoon, were held at the Rosebud Methodist church Sunday at 3 p. m. with Rev. T. H. Vaughn, Baptist pastor, and Rev. John W. Goodwin, Methodist pastor, conducting.

Mr. Freeman was a pioneer merchant here, having been associated in the firm of Freeman and Taylor more than 30 years. About two years ago he sold his property here and bought a farm at Satin, where he had just completed a new home. He also owned large farming interests here.

Survivors are his wife; a son, Roy Freeman of Rosebud, a daughter, Mrs. Bob Summers of Waco; six grand children, T. H. Freeman and Roy Graham Freeman, Jack Summers, Flemming Summers, Bob Summers and Annie Ruth Summers; and a sister, Mrs. Annie Taylor.

Out of town relatives and friends attending were Judge and Mrs. John Watson, Judge and Mrs. Jeff T. Kemp and Judge and Mrs. Graham Gillis of Cameron; Mr. and Mrs. Max Howard, Mr. and Mrs. John R. Taylor, Judge and Mrs. Carrol Pierce, Sandy Dowd, Earl Hamilton and Judge and Mrs. Terry Dickens of Marlin, Mr. and Mrs. Ed Hale, Winton Glass, John Self of Waco, and Cleve and Charley McCall of Yarrellton.

A. A. HELMS RIES IN GEORGIA HOSPITAL

The death of A. A. Helms at McCall's hospital in Rome, Georgia on March 20, ended his two years illness.

Mr. Helms was actively engaged in the employ of the State Prison system at Otey, Texas, until December 23, 1939, after which he came to spend the Christmas holidays with friends at Ben Arnold, and to consult his physician.

After this time his condition rapidly grew worse and he went to Rockmart, Georgia on February 1, 1940, to visit a brother, his only surviving relative. He immediately entered McCall's hospital at Rome, Ga., where he died at the age of 65 on Wednesday, March 20, at 9:15 a. m.

Leaving Georgia as a young man and settling in the Ben Arnold community, he was employed there and over the county for many years, directing the first grading and improvement of the county roads, using the county convicts. For the last 20 years or more he was employed by the prison system as a guard or watchman on the farms in south Texas.

He was buried on Thursday, March 21, in the family lot at Rockmart cemetery.

Mrs. William Hefley Is Re-Elected Head Of Parent-Teachers

The Cameron Parent-Teachers Association met Thursday afternoon in Yoe High School auditorium.

E. A. Perrin introduced Professor R. E. Jackson of TSCW, the speaker of the afteroon. After a recess during which members of the organization enjoyed a brief social hour, the organization held a business session. Mrs. John Rosson, chairman of the nominating committee composed of Mrs. Charles Hicks and Mrs. Julian Baskin announced the slate officers for 1940-41.

They are as follows: Mrs. William Hefley, president; Mrs. Arthur Kruse, first vice president; Mrs. Carl Black, second vice president; Mrs. Guy Chandler, recording secretary; Mrs. W. A. L. Robinson, corresponding secretary; and Mrs. Joe Denson treasurer.

Mrs. Hefley will announce chairmen of standing committees at a later date.

41 Men Employed on Swimming Pool; Will Be 35 x 150 Feet Size

Construction of the swimming pool in city park has proven very beneficial from the standpoint of employment of labor and financial benefits to trade in the city.

Mrs. Fern Welch, directing attention to these projects by supplying valuable data to the press, says that up to two weeks ago salaries from the Federal Government on the project had amounted to $2172.35. The sponsors, city and county contributed $1035.

In all 41 men are employed and the WPA has furnished more than $175 for material to date. There are sufficient reserve funds for the completion of the project.

The pool is 35x150 feet in size and with a depth from wading to 12 feet. The pool will hold 200,000 gallons of water and will have a modern filtering system. City water will be used in the pool.

ART EXHIBIT

Guy Haynes, principal of the Ada Henderson Grammar School is chairman of the ticket sale committee for the Art Exhibit which the Cameron Parent-Teachers Association will sponsor the week of April 8-12.

The faculty members of the school will serve as committee members.

HAY BARN BURNS

A large hay barn and contents on the R. L. Batte farm on Riverside were destroyed at 7 p. m. Friday. The Cameron Fire Department sent out equipment but the water supply was insufficient. The loss was total.

War Hits New Low As France Struggles With Communists

War had fallen to its lowest level in months Saturday.

Communist influences in France appeared to be taking the French out of the war.

Peace is certain to follow shortly if England and France can find a way to overcome the resentment among the people.

The French inner war council held a meeting Saturday.

Germany was preparing to take over Rumanian production. Raw materials and foods will be taken if not voluntarily shipped to the Reich.

Farmers Called to Meet at North Elm

A Farmer's Meeting will be held at North Elm School Friday, March 29, at 7:30 p. m. for the purpose of explaining the State Soil Conservation District Law.

All farmers in this and surrounding communities are cordially invited and urged to attend.

The NYA boys of the Sharp work shop are giving an informal party sponsored by the Sharp Parent-Teachers Association honoring the NYA girls of the Austin District No. 9, at 7:30 Wednesday evening, March 27, at Roseland Hall in Sharp. Mrs. E. A. Hosch is PTA president and Claud E. Ziegler is shop supervisor.

Farm Debt Committee To Meet April 4th

Louie Dunbar, Farm Security Administrator, announced here today that a meeting of the farm debt adjustment committee will meet on Thursday April 3, at 10 a. m. in the old grammar school building in Cameron.

Both farmers and creditors are invited to attend the meeting. Farmers who have been unable to revise or liquidate their debts will have the advice and help of the committee whose duty it is to help the farmers find a way to work out their debt problems.

PROCLAMATION
by the
MAYOR

WHEREAS, the week of March 31st to April 7th, 1940, has been designated by Governor W. Lee O'Daniel in his proclamation of March 2nd as TEXAS HEALTH, CLEAN-UP AND SAFETY WEEK; and

WHEREAS, the Texas State Health Department, the State Fire Insurance Department and the State Department of Public Safety have agreed to co-operate with the City officials of Texas cities and towns in the observance of this week; and

WHEREAS, the aims and accomplishments of this week are:

1. To Protect community health.
2. To safeguard lives of Texas motorists.
3. To create a better home life.
4. To build up pride of ownership.
5. To increase property values.
6. To beautify communities.

NOW, THEREFORE, I, Chas. C. Smith, Mayor of the City of Cameron, do hereby join with the Governor of Texas and officials of the Texas State Health Department, State Fire Insurance Department and State Department of Public Safety, and do hereby set aside and proclaim the week of March 31st to April 7th, 1940, as

TEXAS HEALTH, CLEAN-UP AND SAFETY WEEK in Cameron. The schools, churches, clubs, newspapers, civic and patriotic organizations, boy scouts and girls scouts, and all of our citizenship are urged to take an active part in the observance of this week. All of these organizations are urged to consult and advise with their city officials as to the best ways and means of conducting this campaign so that the greatest benefits may be derived by all our citizens.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of the City to be impressed hereon, this the 26th, day of March A. D. 1940.

(Seal) CHAS. C. SMITH,
Mayor.

Attest:
Dan Tyson,
City Secretary.

The Young adult class of the First Methodist Church enjoyed a treasure hunt and wiener roast in Wilson-Ledbetter Park one night this week. After the hunt, Mrs. Lester Williams and Mrs. Jack DuBois who were in charge of the wiener roast served the class. E. C. Cole and Guy Haynes planned the entertainment. E. A. Perrin, superintendent of Yoe High School, is the instructor of the class.

Edward McAtee was a business visitor in Cameron Wednesday.

GONE WITH THE WIND OPENS HERE APRIL 17

Stanley Swift of the Swift Theatres returned Thursday from Dallas where earlier in the day, he sent a telegram to the Daily Herald announcing the booking of "Gone With the Wind" for 4 days at the Cameron Theatre beginning April 17.

The screen version of Margaret Mitchells book, "Gone With the Wind" headlines Clark Gable and Vivien Leigh with a supporting cast of your favorite stars.

Mr. Swift announced on Friday morning that blue prints have been made of the Cameron Theatre floor space and contrary to the policy adopted by other theatres, reserved seats will be sold.

This arrangement means that patrons of the theatre may go to the box office, select their seats in advance and have a guarantee that they will be seated when they go to the theatre. When all seats in the theatre have been sold, no more admissions will be accepted.

The picture requires 4 hours to show and performances will be given during the 4 days.

"Gone with the Wind" has set new records in box office receipts and is the most widely patronized show ever made in the history of the screen. A slight advance in admission charges will be made for this picture.

Mr. Swift was being congratulated on every hand today because of his successful efforts in arranging an early showing of this world famous attraction. The story has to do with the South following the Civil War and the scenes are laid principally in Atlanta, Georgia.

Bridle Bit of Ancient Make Finds Way to Herald Meuseum

The Herald meuseum has received an interesting relic from the brush country where the early Spanish cowboys rode the range.

The relic is an ancient bridle bit and so puzzling no one has been able to tell what make or how it operates.

Jesse J. Barrett of Yarrellton, found the bit on the Frio River in Live Oak county several yaers ago. He was deer hunting and had shot a buck. Making his way to the deer his foot was snared by the partly buried bit. He picked it up and for years has had the relic at his Yarrellton home.

Two weeks ago Mr. Barrett brought the bit to the Herald office. It is apparently of Spanish make and seems no different to other bits of the age except a large iron ring is attached to the snaffle arch.

Easier Living

BEGINS IN THE KITCHEN

Minutes, saved consistently, grow into hours of leisure, hours for easier, better living. The modern woman is learning that the kitchen is the place in which *more* time can be saved . . . the place where leisure starts. And modern gas cooking is causing it all. For instance:

Modern gas cooking broils in half the time and ovens pre-heat faster to save time. Foods in automatically controlled oven cook unwatched and simmer-burners eliminate the danger of food boiling dry so one is not tied to the kitchen to watch cooking. Automatic lighting and accurate control of heat save many minutes, too. Let modern gas cooking supply you with easier living and better tasting foods.

This Seal represents 22 super-performance standards

When you see this seal on modern gas ranges it means that the range meets 22 super-performance standards established by the American Gas Association . . . standards that mean better-cooked foods and more leisure hours.

Modern gas service, operating through a good range, costs very little. For instance, it will cook a good dinner for three people for as little as one cent.

HOYTE H-D CLUB

The Hoyte H-D Club met in the home of Mrs. Narvie Caperton Wednesday, March 20 at 2 p. m. with Mrs. James Elrod, president, presiding. A short business meeting was held. Mrs. John McLerran, Mrs. Randolph Williamson and Mrs. Harvey Radtke were elected to be on the radio program with Miss Porter over KTEM Temple, March 30 at 11 p. m.

"We must have good beds to renew ourselves," said Miss Porter. The first necessity is a good firm bed stead, then good firm steel coil springs, and be sure to have slats for each row of coils. The goal for the Texas women in 1940 is for each to use 50 pounds of cotton, to have a good new mattress would be an excellent way to use the cotton. Miss Porter showed us a nice spring cover and the necessity for it. She also displayed and explained the making of the mattress, comfort, and pillow cases. The spread is the last in the way of protective cover and a tufted spread is ideal for any home or generation. Each member was allowed to practice on a tufted pillow cover.

The difference in the needles and thread was pointed out to be very important. One can make a lovely cream spread for approximately $2 that will be good for years.

A boys place in the home was given by Mrs. Radtke. A boy should be trained in early childhood to put away his clothes, books and playthings. To help sweep, clean and wash dishes is as good training for boys as for girls. The boy thus trained in childhood grows to be the man with whom it is a pleasure to live.

Those present were: Mesdames James Elrod, Earl Angell, Mary Heitmann, W. D. Favor, John McLerran, Randolph Williamson, Guy Chandler, Elliott Crook, Brennan Morris, Harvey Radke, Miss Dorothy Porter and Mrs. Narvie Caperton.

The hostess served a dainty plate of sandwiches, deveied eggs, cake, lemonade and candy Easter rabbits.

The next meeting will be held with Mrs. Guy Chandler, April 10.

Mrs. Harvey Radke, Reporter.

In refining crude cotton seed oil for use in storing her cured meat, Mrs. W. R. Newton of Cameron used up all the oil by inadvertently making soap of the residue.

After pouring off the refined oil, Mrs. Newton poured a little water into the remaining oil and lye, stirring as she poured. Her object was to thin this so as to dispose of it easily. Instead she found that she had a soap that lathered freely.

It has been found that cured meats packed in stone jars and covered with refined cotton seed oil does not become rancid.

Crude cotton seed oil may be refined by a process that can be obtained from the office of the County Home Dem. Agent, Dorothy Porter. The process is simple and a nice cash saving can be made by refining the oil at home.

Chicken culling time is chicken canning time. Helps in canning chicken will be given in a broadcast over KTEM at 11 a. m. Saturday, March 30 by the County Home Demonstration Agent, Dorothy Porter and three members of the Hoyte Home Demonstration Club, Mrs. Harvey Radke, Mrs. Randolph Williamson and Mrs. John McLerran.

This is the last program of the Central Texas Farm and Home Hour in which Milam County Home Dem. Club members will participate.

Katahdin Irish potatoes, a new variety, are being planted this year by Mrs. John Marecek, garden demonstrator of the Briary Home Demonstration Club.

The Katahdin is a large, white, round potato with shallow eyes. In test plots it has given higher yields than other varieties, and it keeps better than either Triumph or Bliss Cobbler.

To insure a good yield of quality potatoes, prepare the top 8 inches of soil carefully. Land that has been fertilized with barn yard manure in January and bedded will make for increased yields. On sandy land, one sack of 6-12-6 fertilizer for each sack of potatoes will increase yield 6 to 12 sacks. Plant in rows 3 to 4 feet and 12 to 14 inches apart in the row. Cover 3 inches deep.

Plant 1 peck for each member of the family. 1 1-2 bushels or 80 lbs. for a family of five should cost about $2 and should produce 10 to 12 bushels of pototoes.

Mrs. Marecek ordered 100 eyes of the Katahdin variety to get her start.

ALLIED ACTION MAY LEAD TO SOVIET WAR

Relations between England and Russia were being shunted along to an open break today as the British refused a Russian demand for the release of Soviet ships seized with contraband cargoes.

The dismissal of the Red Ambassador in Paris was believed to be the forerunner of direct action against the Reds in the eventual declaration of war on the part of England and France.

The British claim that war supplies are being purchased in the United States, shipped to Mexico, thence by Russian ships to Baltic and far Eastern ports, and in turn make their way into Germany. The British have declared that all such cargoes will be seized. This policy was believed certain to lead to war with Russia. In France the press is demanding war on Russia.

A British plane flying over Dutch territory was shot down by Netherlands anti-air craft batteries, killing one British flier.

The German government has sent a warning to Holland that British planes be not permitted to fly over Dutch territory.

A German submarine today was run aground off the cost of Norway and a German bombing plane was shot down off the coast of Scotland.

BRITISH STRIKE AT NAZIS SEA LANES

Although the European war was making slow progress today, on the whole, there were a few rapid fire developments, especially along the territorial waters of Norway, Sweden and Denmark.

The British navy has invaded the German sea lanes with the result that an official broadcast said the Nazis may consider withdrawing shipping from the Baltic Countries. A number of German ships have been sunk by British submaries and early Tuesday a German freighter was run aground by British men of War.

There was some indication that the British would concentrate their intense naval campaign to end German trade with these Countries.

It was also reported in a broadcast that Hitler is soon to deliver an address and will reveal what took place at his recent meeting with Benito Mussolini at Brenner Pass on Italian soil.

P. T. A. COUNCIL FOR COUNTY MEETS HERE

The Milam County PTA Council met in Cameron with an all day session on Wednesday, March 20, in the high school auditorium.

Presidents, Vice Presidents and Secretaries present were Mrs. R. T. Stidham, president, Mrs. Ben Winfield vice president, Mrs. Carl Black, secretary and treasurer of the Milam County Council; President of Cameron PTA, Mrs. William Hefley; Rockdale, Mrs. Russel Brown; Buckholts, Mrs. Robert Lehmann; secretary of Buckholts, Mrs. Leo Fuchs.

The house was called to order at 10:30 with Rev. Mills, pastor of the First Methodist Church of Cameron giving the invocation.

The greeting was given by Mr. Perrin, superintendent of Yoe High School and S. C. Miles, superintendent of Rockdale High School, spoke on "Citizenship, Child Welfare and the Need of PTA."

Miss Maxwell and Miss Mars of Rockdale rendered a musical number. Additional entertainment was a story dramatized and a musical number given by students of Mrs. Cox of Ad Hall School.

Mrs. William Hefley introducted the main speaker of the day, Dr. R. E. Jackson, Educator of C. I. A. whose subject was the "Capitalizating on Misfortune." The students of the high school had the privilege of hearing Dr. Jackson Wednesday morning in chapel, and his comments met with their approval in a manner most delightful.

After reports were given by the PTA groups of Milam County, lunch was served in the school cafeteria after which the Cameron PTA held their regular meeting.

Others present for the council meeting were J. B. White, editor of the Cameron Herald, W. C. Wiese, principal of Cameron High School, Mrs. E. P. Seruant, Miss Ila Poe of Thorndale and Mrs. Cecil R. Criswell of Buckholts.

NO PEACE HOPES NOW HELD OUT FOR EUROPE

British and French determination to fight the war to a finish was indicated again Monday in a speech by Lord Halifax, British foreign secretary who declared that the minimum of Allied demands will be as follows:

1. An in dependent Poland with Germany making reparations for the damage done in the September invasion.

3. Restoration of Austria and the including independence for Bohemia and Moravia as a part of the Czech nation.

4. Restoration to Finland of all territory ceded to Russia in the recent peace treaty.

In these demands the French have concurred. Thus were the Allies brought into direct oposition to Russia.

The statement, directed at Finland said that if the Allies win the war Finland will be restored to the limitations of her borders before the Red Invasion.

There was little belief now that peace has a chance. England has continued to add to her demands making peace talks impossible.

Important developments over the week end said the Allied blockade has been strengthened and for the first time since the war began British submarines are being used against German commerce.

Norway was protesting the sinking of a German coal steamer off her coast. Germany had also protested to Norway over what she termed the operation of British warcraft in Norwegian territorial waters.

There was renewed activity on the Western Front.

France is disappointed that Germany has not invaded the country and the French people are demanding a fight.

"Build-Up" Important Protector of Women

A weak, undernourished condition often enables *functional dysmenorrhea* to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI'S principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!

Contract Will be Awarded for Sharp School Building

Earl Johnson, Cameron architect, said early Saturday that contract will be let on April 1st for the new school building at Sharp.

The building was destroyed by fire last year when it was almost ready for occupancy. In the construction of the building government aid was given in outright grant.

Insurance in the amount of $40,000 was paid to the district following the fire. This money, now in the bank, will be supplemented by funds to be raised by the district and no government aid will be received on the new job.

The amount involved in the building will not be known until bids have been received and contract let. The building originally cost $70,000.00.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually *gentle*, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

LAST WEEK TO BUY EASTER SEALS

Any interested person who has not received a packet of Easter Seals by mail may procure them from Mrs. H. F. Smith, Jr., Chairman of the Easter Seal Sale, or from Mrs. J. P. Love, President of the Milam County Public Health and Welfare Board, or from any member of the Board or of the Committee in charge of the sale.

All funds raised by this sale go directly into treatment of crippled children.

Several of the 46 Milam County cases already having received attention through the efforts of our Board have been reviewed recently in this paper. This week three more cases will be related.

Case Number One

A boy, 6 years of age, accidentally swallowed some lye, burning his throat to such an extent that he not only suffered greatly but had to be fed through a tube, as he could not swallow. He was sent to a hospital in Galveston where he received treatment for several months. On his return to this county, the Health and Welfare Board brought him to Cameron, where his board was paid for three months so that he could be near Miss Louise Lentz, the Public Health Nurse, who supervised the technical processes involved in his tube feeding. Just this week the boy went back to Galveston for a check-up.

Case Number Two

A boy now 14 years of age was brought to the attention of the Board when he was nine. He was suffering from arthritis, so painful that he lay unable to move his body without screaming. He was hospitalized, first in Galveston and later in Marlin, where he was operated. Through constant attention the arthritis is now cured, but much of its laming results remain. However, this patient can now move his head, does not suffer so greatly, and is improved muscularly from the hydro-theray which he has undergone at Marlin.

Case Number Three

A boy of high school age had infantile paralysis. He has received treatment at John Sealey Hospital at Galveston, being given transportation back and forth by the local Health and Welfarge Board. This case has improved greatly, but must undergo treatment for some time to come.

This worthwhile work among the crippled children of Milam County needs the support of all.

Don't fail to buy Easter Seals this week!

Gain in Quality Means Gain in Performance!

TODAY'S automobile engines must have a gasoline of high quality to give you the performance you expect. So again, Humble presents the motorists of Texas with a gain in quality: improvements in Humble give you new heights of performance; and Esso Extra is the motor fuel without an equal.

Improvement of these gasolines results from our policy of CONTINUOUS IMPROVEMENT: Humble technical men are constantly experimenting, in the laboratory and on the road, with improved products for your car. This constant research results in continuous improvement of the gasolines, motor oils and other products you get under the Humble sign. The process of improvement is so continuous that specific improvements frequently are made without public announcement. It is only when marked improvements are made, like the improvement in quality of these fine gasolines, that your special attention is called to them.

It all adds up to this: we promise you that you will find Humble products second to none, that you can depend on continuous improvement to keep the quality of Humble products up with, or a little ahead of, the performance built into your car.

To Buyers in the Lower-Price Field

Humble offers you another product of its policy of continuous improvement in *Thriftane*, a leaded gasoline of specified quality at thrifty price.

GERMANS STRIKE AT ALLIED SEA POWER

There was wide spread activty today in Germany's renewal of sea warfare.

The most sensational development was the reported action of British and French submarines operating off the Dannish coast with the announcement that iron ore, now a vital necessity for Nazi Germany, will be seized. The broadcast said that 14 ships have been seized or sunk within the past 2 weeks.

This statement was regarded as indicating a new allied policy, as no submarines of any nature have thus far been reported in action against commerce during the present war.

One large German ship was sent to the bottom early today. The Germans have sunk 7 neutral ships within the week, a total of 30,000 tons of shipping, said to be the largest tonage in any one week during the war.

Japan was reported today to have refused to participate in any plan to bring Russia and Italy into any kind of pact of understanding.

Mrs. O. L. Kidd was hostess to the 42 club in her home on Thursday with Mrs. F. J. Beckerman, Mrs. Gus Evans, Mrs. Lacey Wills, Mrs. Dow Eplen and Mrs. W. O. Newton as guests. Mrs. Kidd used decorations in the colors of lavendar and yellow and served a dessert dish with a yellow drink.

Miss Florence Butts of Houston and Lucille Butts of Austin were Easter guests in the home of their mother, Mrs. N. H. Butts.

Mrs. John B. Wolf Now 94, Inspires Poem by Friend

Mrs. John B. Wolf, mother of Penn Wolf, District Clerk, now in her 94th year may not be able to enjoy spring because of her recent critical illness.

Mrs. Wolf's hobby is growing flowers, and before her illness, each spring and summer could be seen almost every day seated in her flower beds, her fingers in the soil, making beautiful flowers grow.

This cheerful poem came to the Daily Herald from Austin and is published as a trbute to Mrs. Wolf and for the enjoyment of hundreds of friends who now find that the flower garden at her home seems waiting for her touch and care.

Miss Aggie, my dear, I'm so sorry to hear
That you're not so hot,—in the yard cannot squat
Now be a good gal and take your pills
Cause they'll help you get over all your ills
Drink water—milk and even old liquor
If it'll keep you from getting a whole lot sicker
Narcissus are just beginning to peep
Up from the ground a way down deep
Other bulbs too from their nice long sleep
Will soon be needing you a heap
Course its alright these raw days to lie abed
But Aggie I tell you "Squatting Weather's" ahead.

(Mrs. Giles Avriett, Austin, Texas)

READY TO TAKE ON SOVIET SAY BRITISH

England and France will not hesitate to fight Russia along with Germany, it was disclosed today in an official statement emanating from London.

When France on Tuesday asked Moscow to recall the Soviet ambassador to Paris because the French had intercepted a message of congratulations on the Red victory in Finland, it was believed the Allies are preparing for a joint declaration against Russia.

The Red ambassador charged in the message that England and France were instigators of war.

Italy would not be expected to fight for Russia although there seems little indication the Rome-Berlin Axis has suffered impairment.

The Nazi scored a victory Wednesday in a renewal of hostlities on the Western Front, shooting down one British and one French plane. If the Allies declare war on Russia there is widespread belief the war will be stepped up and flare into the fury all expected when the declaration came last September.

NOTICE OF BIDS

Sealed bids will be received by the Commissioners' Court of Milam County at the office of Jeff T. Kemp, County Judge at Cameron, Texas, until 10:00 a. m. April 9, 1940, for the construction of a steel bridge with timber approaches across Little River at Faubion Crossing in Precinct 2 and 3 in Milam County, Texas. Bids will then be opened and read aloud in the Commissioners' Court Room at Cameron, Texas. Any bids received after the above mentioned hour will be returned unopened.

All bids must be accompanied by Cashier's Check drawn on a Texas bank for not less than 5 per cent of the bid.

Plans and specifications may be seen by any interested party at the office of the County Auditor.

The Commissioners' Court reserves the right to waive any technicalities, reject any or all bids, and contract with any party believed by them to be to the best interest of Milam County. The Commissioners' Court hereby gives notice of its intentions to issue time warrants against the Road and Bridge Fund to pay for the above work in an amount not to exceed nine thousand dollars, to bear interest not to exceed 4 per cent per annum, and to mature not to exceed four years from date.

JEFF T. KEMP,
County Judge.

SONS OF LEGION ELECT

Milton Boone, Sons of the Legion Captain, called a special meeting of the S. A. L. Monday night for the election of officers. The new chairman, appointed by the American Legion, was announced as Grover D. Reat of Yarrellton. Grady Little was the former chairman but his position would not permit time for this work. Plans were made for a full season of activity with a membership drive heading the list.

Those elected for offices were: Dan Reat, first lieutenant; Reese Henderson, second lieutenant; Charles Kunz, Adjutant; Treasurer, Bobbie Bennett; Historian, Lane Horstmann; James Michalka, Chaplain; and Sargeant at Arms, August Kunz.

MAKES HONOR ROLL

Making grades of "A-minus" or higher, 202 students of Texas Technological college were listed on the fall semester honor roll, announced by Registrar W. P. Clement.

Under a newly adopted plan, it is a higher honor to be included on the roll than in any previous semester. The adminstrative council voted to limit the roll to approximately five per cent of the student body. No students with "B" averages are listed.

Friends of Rex Lowe will be glad to know that he is listed with students with 2.50 to 2.99 point average, or "A"-minus to "A" average in this college.

Chalmers E. Terry, who has been employed the past two years by the Agricultural Adjustment Administration in Cameron, has recently accepted a position as junior civil engineer with the Soil Conservation Service in the western plains with headquarters at Floydada. Mr. Terry has assumed his new duties with much enthusiasm. His many friends regret to learn of his departure from Milam county, but wish for him much success in his new vocation. Mrs. Terry and children will join him next month.

Rudy Michalka of Texas A & M College is home for the holidays.

French Cabinet Fails To Get Confidence Vote on Friday

The newly formed government of Paul Reynaud in France Friday failed to get a vote of confidence in the Chamber of Deputies.

The vote was 240 for and 180 against with 100 refusing to vote. It was believed certain that the newly formed government would not be able to continue as there is wide spread political dissension in France.

In Berlin, one of the Hitler newspapers said that the war will take a course that will both surprise and confound England and France. In Germany, the French cabinet's crisis was taken to indicate weakness on the part of the French Government.

Mrs. Walter Mullinax and daughter, Maryorie of Calvert were Sunday guests in the home of Mr. and Mrs. T. D. Garrett and their daughter, Marjorie of Calvert were Sunday. Inax is the daughter of Mr. and Mrs. Garrett.

Mrs. Harvey Radke, Mrs. Randolph Williams, Mrs. John McLerran and Miss Dorothy Porter will be the speakers on a program to be given Saturday morning at 11 o'clock over KTEM, Temple. Their subject will be on canning.

Mr. and Mrs. Ben Atkinson, Elwood Atkinson and Florence Tidwell all of Austin visited in the home of Miss Lillian Atkinson, Sunday.

Reds Serve Notice No Scandinavian Pact Is Tolerated

Soviet Russia, through its official radio broadcasting station, served notice on Scandinavia that no mutual defense alliance between Finland, Norway and Sweden will be tolerated.

It will be recalled that Great Britain served notice on Sweden that the allies would not be responsible for what happened over the Swedish influence in bringing about an understanding between Russia and Finland. It was believed that Russia will go to war to prevet any mutual defense pact between these Countries.

Sam Tyson of Southwestern, Georgetown, and Miss Jane Tyson of Austin were week end visitors with their parents Mr. and Mrs. Dan Tyson.

WHEN I GROW UP

I want strong, straight bones and bright teeth. I want lots of pep so I can play with the other fellows. Mother feels the same way that I do—that's why she gives me FOSTER'S Milk every day. Now I don't know much about vitamins (or how to spell 'em)—but mother says FOSTER'S is just full of the essential health-promoting vitamins I need. I don't see how any body could be without it!

Eye it.. Try it.. Buy it!
—because only Chevrolet has all these modern features which make it possible!

The Master De Luxe Town Sedan, $725*

The 1940 Chevrolet gives higher quality at low cost! . . . Low Prices . . . Low Operating Costs . . . Low Upkeep.

No other motor car can match its all-round dollar value

Chevrolet's PERFECTED KNEE-ACTION (*on Special De Luxe and Master De Luxe Series*) is assembled as an *integral unit* complete in itself, to assure perfect balance and, therefore, perfect springing, steering and braking in each individual car.

Chevrolet's STABILIZED FRONT END—with radiator, hood, headlights and fenders firmly and securely bound together in a rigid framework of structural steel, gives true front-end stability.

Chevrolet's AUTOMATIC RIDE STABILIZER, attached to the front end of the chassis frame, and linked to the lower Knee-Action member, imparts genuine steadiness on curves and sharp turns!

Chevrolet's SCIENTIFICALLY BALANCED SPRINGS, with double-acting shock absorbers, and with spring action varying automatically according to load and deflection, assure *uniform* riding smoothness at all times.

Chevrolet's BALANCED WEIGHT DISTRIBUTION *in this* LONGEST OF ALL LOWEST-PRICED CARS gives that *scientific distribution* of weight over front and rear springs so essential to a smooth, level ride.

Chevrolet's RIGID ALL-STEEL BODY *and* BOX-GIRDER FRAME—the strongest and most rigid body and frame construction known to modern automotive engineering—adds that final degree of comfort and safety which spells today's finest ride . . . "*Chevrolet's Ride Royal!*"

CHRISTIAN SCIENCE SERVICES

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 31.

The Golden Text is: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God" (Revelation 21:3.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Take heart, dear sufferer, for this reality of being will surely appear sometime and in some way. There will be no more pain, and all tears will be wiped away" (page 573.)

Coleman Creig of Dallas who visited the Holy Land with Dr. George W. Truett is visiting in Cameron and surrounding communities this week to show pictures of the Holy Land. He will be at the Baptist Church in Milano on Thursday night.

Lewis

(Continued from page 1)

his record is not only impressive but distinguished for its liberal accord with the highest traditions of unselfish service.

Early in life Mr. Lewis visioned for himself a career at law. Despite hardships of his youth and the struggles which often are the lot of boys who fix high standards for achievement in their chosen field, he built well his foundation. In later life when he became County and District Attorney the people profited most by the preparation he had made against the day when he was called to this place of great responsibility. The record stands today as a high light in public service in Milam County, so distinguished in fact that all Texas stirred with appreciation for the distinction that came to Milam County as a result of his service in this office.

Mr. Lewis has held no other public office. When he left the service of the people as Criminal District Attorney few men had shared so large in public favor. Appreciation for his service was universal and through the years that have intervented his record has continued to magnify his contribution to the public service and is fast developing among the people wide justification for extending opportunity to him for further leadership and service. Friends throughout the county feel that his election as District Judge would be a well deserved promotion, justified by every standard of honorable and faithful service in the past.

During the past years, since he wrote with feeling and gratitude a statement to the people who had entrusted to him the responsibilities of public office, leaving their service after much hard work and a job well done, he entered the practice of law. His life has touched every phase of good citizenship in the community. As a member of the Bar he has contributed much to maintaining its high standards. He is Past President of the Milam County Bar Association. As a citizen he has found it often possible to serve and to play his part in the common cause of responsibility.

By nature Mr. Lewis is friendly. He has great capacity for service and leadership. He would bring to the Judiciary the aimable qualities of sympathy and understanding. Of superb integrity the court would know the strength of great character. A lawyer whose brilliant student career equipped him with a knowledge in keeping with the best traditions of Texas, he would invest the bench with desirable ability. A citizen born to the traditions that made Texas the glory of the world he would fulfill the highest expectations which the people have long regarded as a pre-requisite for those who serve them in these places of higher responsibility.

Mr. Lewis appreciates the view point of many friends that his candidacy looks forward to well deserved promotion. He feels that he is qualified and that the years have equipped him for a place of greater service. In this view many are now concuring. Friends feel that recognition for him in this campaign would justify the customs which have governed in rewarding those who have earned the right to advancement.

Mr. Lewis as a young man first began his law practice in Cameron. As a student in law he attended the University of Texas. His aptitude for his chosen field is reflected in the high standards which he achieved in his work at the University. Returning to his native city he began practice. In his young manhood his experience was that of one early to face the sterner realities of life and the lessons of self reliance and capacity for hard work had their influence. To get the job done has been a cardinal virture with him. Still a young man, he inspires in all the people the vision of great usefulness.

Mr. Lewis was married to Miss Minnie Nell Blaylock in 1926. They have four children.

In making the campaign Mr. Lewis looks forward with pleasure to meeting each voter and to ask for their vote and support. He plans an active canvas that will take him to all sections of the county. He assures each one that he will greatly appreciate your support and pledges the people that in return for their confidence he will be faithful to every trust and be resolute for the high standards which so many have fashioned as an estimate of his life and character.

League Meet is Held In Rockdale Saturday

Milam County Intersholastic League meet was held in Rockdale Saturday with tennis, baseball and volleyball events being held. Literary events will be held there next Friday and Saturday.

Entered in tennis were six Class B teams, three Class A and 14 rural. Thirty schools were entered for volleyball the only final in this event being Rockdale in Class A which played Thursday. Thirty four schools were listed in playground ball with partial list of winners as follows: Rural, Davilla first, Ad Hall second, and Ben Arnold third; Class B junior boys: Milano first and Maysfield second.

K. OF P. MEET

At the regular Monday night meeting of the Knights of Pythias, the Rank of Esquire was conferred on W. O. Baker and W. N. Whitley of Cameron. Fifty-two members were present and as guest the organization was honored to have O. H. Cross of Waco.

NOTICE TO DRIVERS OF CARS AND TRUCKS IN THE CITY OF CAMERON

Due to many complaints and the resulting inconvenience to many who drive and in the interest of safety, it is necessary that I give notice that in the future the following regulations will be strictly enforced:

1. Do not stop your car in the street. Go to the curb and park. Do not stop alongside another car and engage in conversation with the result that other cars and trucks cannot pass through the street.
2. Do not hereafter run over stop signs. Obeserve these regulations rigidly or be prepared to pay a fine in City Court.
3. Trucks are prohibited hereafter from blocking streets and must be parked in such a way as not to interfere with other vehicles.
4. Trucks making deliveries to business houses, whenever possible, should do so other than Saturday afternoon when traffic is at its peak.
5. It is not my intention to interest of the use of the streets by trade, but it has become necessary to stop these violations in the interest of the use of the streets to others.

Hereafter all persons found violating any of these regulations will be subject to fine. Please do not make it necessary for me to impose the penalty of the law. Co-operate with me and give Cameron a better traffic regulation.

GENE SMITH,
City Marshal.

Mrs. Bob Foster of West Columbia spent the week end in the home of her parents, Mr. and Mrs. Fred W. Dierr, and was joined here by her husband. They returned to Galveston Tuesday where they will make their home. Mrs. Foster is the former Miss Helen Dierr.

BASEBALL THIS SUMMER
